

Workshop 7 Emerging Careers - Presentations

Student Summary

This workshop will seek to provide you with the following:

- A broad overview of non-traditional and poorly known careers with high projected future demand; job descriptions – likes/dislikes about their job, educational and financial requirements, perspectives on future career trends.
- Ten-minute presentations by each individual; five fields represented.
- General Q&A and small group discussion.

At the end of this workshop you will take with you:

1. Student handout outlining key characteristics of the 5 fields represented in the Career Panel (e.g. academic requirements and post-secondary training (if any), duration, future job demand, approximate salary ranges, lifestyle characteristics).

Workshop 7 Emerging Careers - Presentations

Introduction

This workshop will provide you with information about a variety of careers and industry sectors directly from people who are involved in those sectors.

If you are in this workshop, you:

- Are interested in these Hidayat based developing careers
- Would like to find out more about them for your research and decision-making

Review Process for Panel

Each panelist will spend 10 minutes telling us about what they do and the path they took to get there. As they talk, please jot down any questions you may have. There will be a period at the end for small group discussion and question sessions.

Setting the Context

While this is not a true workshop, more a career forum and presentation it is important that you understand that in choosing a career you can be active and make a difference in your community and world as well as meeting your goals and needs. Explore your interests and goals and talk to people in different areas of interest. Knowing the reality of a field and how that will apply to your needs, vision, wants and goals is very important. Remember take advantage of your relationships, get introduced, make allies and do your research.

Resources Provided

OH1-HO1 Sector Profiles

Sector/Career Profiles: This handout provides information areas highlighted in this workshop. Some of the skills, and expectations of people interested in these career areas as well as some of what you can expect in the career.

Small Group Discussion

HO2 – Sample Questions

Workshop Closing

Remember this is a start, getting to know some of the less known career fields that are growing and making a difference in communities around the world. Don't be afraid to ask people who work in the fields you are interested in questions. We have provided you with some questions in this workshop and more in workshop 10 and 11. Talk to your friends, family and teachers to find people who may be able to give you some of the information you need to make the right choices.

Remember developing networks to explore your potential careers and support you along your path is key!
